# AMERICA AT WAR WITH GERMANY

## Amidst Dramatic Scenes House Acts on Resolution

**Final Vote Early Today Declaring State of War Exists Between United States and German Imperial Government, After Debate Beginning Yesterday Morning, is 373 to 50. First Blows Will be Struck at Once. First Great Budget Asking Over \$3,500,000,000 Discussed Today**

### TWO MILLION YOUTHS WILL BE NEEDED

By ROBERT J. BENDER

(U. P. Staff Correspondent)

Washington, April 6.—War was declared at 1:13 p. m. today.

At exactly that hour President Wilson signed the joint resolution passed by house and senate declaring a state of war exists between the United States and Germany.

An hour before, the resolution was signed by Vice-President Marshall at 12:13 p. m. These were the last formalities to make the United States an ally of England, France and Russia in the world war against Germany.

As the president affixed his signature to the document, orders were flashed by wireless to American ships at sea and to the forts of the United States telling them that war was on.

Messages to all the countries of the earth were sent telling them of this government's action.

The state department immediately informed the Swiss minister, representing Germany's interests in this country, of this country's action.

Immediately after he signed the resolution the president issued a proclamation to the people declaring a state of war exists between the United States and the German government.

He asks all American citizens, in loyal devotion to their country, to uphold the law of the land and give undivided and willing support to all measures to be passed to bring the war to a successful close and a just and lasting peace.

The president stated that aliens will be undisturbed in peaceful pursuits of their occupations as long as they observe the law.

Amidst the most dramatic scenes ever witnessed in congress the house early today passed the resolution which formally declared Germany an enemy. The vote was 373 to 50.

The first blows will be struck at once.

The nation is now ready for money and more men. Two million youths will be wanted in the next two years. Billions of dollars will be required.

The first great budget asking over three and one-half billions is up for discussion today in the house appropriations committee.

The military committee has been informed of the administration's conscription bill to raise a great army.

After proclaiming a state of war this afternoon the president issued a statement regarding means to be used in raising an army of 2,000,000 men.

The president indorses the principle of the legislation presented to the military committee of congress last night.

He said: "We propose to raise the forces necessary to meet the present situation by bringing the regular army and the national guard up to war strength and the additions needed. The additional force of which 500,000, will be authorized immediately will serve for the period of the emergency."

The necessary men will be procured for the regular army and national guard by volunteers as at present until in the judgment of the president additional drafts are necessary. Additional forces will be raised by selective drafts from men ranging in age from 19 to 25.

The quota of the several states will be in proportion to their population.

This legislation makes no attempt to solve the question of a permanent military policy of the country for the reason that in this disorganized time a clear view cannot be had of pronounced necessities or organization.

All day yesterday the house de-

### First War Act Is Seizure of German Ships

Marines Board Ninety-Two Enemy Vessels and Make Members of the Crews Prisoners, Some of Whom Are Later Released on Parole. In Most Cases Machinery is Wrecked

#### MAY NOT BE OF ANY VALUE

(By United Press.)

New York, April 6.—United States armed forces seized all German ships in American ports today.

It was America's first act of war.

Marines boarded the enemy ships, made members of the crews prisoners and took possession of the vessels in the name of the United States.

At Hoboken, N. J., alone eighteen vessels, including the giant Vaterland, were taken over.

The total number of German ships in American waters, which were seized is ninety-one.

In New York four torpedo boat destroyers waited at the bow of the giant Vaterland. Their guns were trained on the enemy sea monster.

Enemy sailors were sent to the emigration station, some later being released on parole.

The German vessels are now subject to use by the United States. Whether any of them can be put in government service is doubtful. In most cases the machinery has been wrecked.

### CROP MEETING IS TO BE HELD HERE

Rush County Farmers Will Respond to Call of Governor to Consider Ways to Help in War

L. B. MILLER GETS MESSAGE

State-Wide Call is Outgrowth of Conference Yesterday—Meeting Here 1:30 P. M. Saturday

L. B. Miller this morning received a message from Governor Goodrich urging him to arrange a meeting here tomorrow afternoon for farmers, bankers, grain dealers, millers and other interested persons to consider the question of conserving and increasing the country's food supply in the face of a prolonged war with Germany.

A similar message was sent to each county in the state and if all comply as is being done locally, there will be ninety-two similar meetings tomorrow afternoon with the one purpose in view of considering the farmers part in the war.

Mr. Miller interviewed a number of citizens here today and announced that the meeting would be held in the court house assembly room at one-thirty o'clock tomorrow afternoon.

County Superintendent George today received a telegram from Horace Ellis, state superintendent of public instruction, urging him to summons the township trustees, teachers and school children under his jurisdiction to attend the meeting. Supt. George planned to communicate with all of the trustees and ask them to request the attendance of the teachers and children in their respective townships.

Superintendent J. H. Scholl of the city schools had the meeting announced this afternoon in the Rushville schools and plans were on foot to dismiss the city institute tomorrow afternoon in order for the city teachers to attend.

The decision to request the calling of the meetings was reached following the state conference held yesterday in Indianapolis. Though only forty-eight hours' notice had been given in the Governor's emergency call, more than 150 citizens, representing almost every class interested in the production and conservation of food, were in attendance. Mr. Miller attended, which

### TO CONTEST FOR DISTRICT HONOR

Five High School Students Are Entered for Discussion League Event Here Tonight

SHELBYVILLE COMES IN TODAY

Two Reel Drama Will be Shown, Based on Tarkington Novel, While Judges Decide

One more contestant was entered today in the district Discussion League contest which will be held tonight at seven-thirty o'clock at the Graham Annex auditorium. The last to send in his name was James Briggs of Shelbyville, who will represent Shelby county. This makes five speakers who will take part in the contest. There is a chance that Fayette county may send word before night that it will have a representative, but this seemed doubtful this afternoon.

The sixth district won the state contest last year, a Richmond high school boy having been adjudged victor. Richmond is sending Julius Peitz this year and it is declared that he is better than the winner last year. Carthage sent word that she was out to win with her contestant, Miss Mildred Smith, who will represent Rush county. Eugene Thomas of Fortville will represent Hancock county and Bernie Epstein of Newcastle, Henry county.

The subject on which the contestants will speak is, "Resolved that the United States adopt a system of compulsory military service similar in essentials to the Swiss plan."

A musical program will be provided and during the wait for the decision of the judges a two reel drama, "The Two Van Revels," will be shown. This is a very entertaining story based on the novel of the same name by Booth Tarkington.

A charge of ten cents will be made at the door to defray the expenses of the contest. The school authorities are hoping that a large crowd will be present because a spirited contest is promised and because the subject to be discussed is a very timely one.

There will be a concert and a play, "Jane's Legacy," and also a display of tableau lights at the Second M. E. church this evening. Refreshments will be served and a nominal admission fee charged.

### ARGUMENT FOR COMPANY IS CLINCHED

Boosters Point Out Young Men Should Join if They Wish to Avoid Being Conscripts

HINTS FROM WASHINGTON

If There are Not Enough Volunteers Conscription Will be Resorted to Soon

ABOUT EIGHTY ENLISTED

J. H. Kiplinger in Indianapolis to See About Examination and Mustering In

The formation of a national guard company was given a boost here today when it was learned that the government plans conscription in order to secure the required number of men for the war with Germany. The recruiting took on new life because of this. It has been hinted from Washington that any American man who doesn't wish to be known as a conscript should enlist today either in the regular army or the guard.

This was the feature being pointed out to prospective joiners of the company and in many cases clinched the argument. Under the national defense act, if there are not enough volunteers, it is possible, under the law as it exists, to conscript men to fill the guards' rank.

The men in charge of the formation of a company here were elated at this turn of events and believed there could be no failure to form the company.

John H. Kiplinger, one of the men backing the local company, was in Indianapolis today for a conference with Adjutant General Smith and if possible a date will be set for the examining of the men already signed up and mustering in of the company. It was stated today that between 75 and 80 men have signed up for the company here and the fact that the government will use conscription is expected to aid in completing the organization.

The belief exists that as soon as the regular army has its full war strength of 287,000 men and the national guard has its full quota an expeditionary force will be sent to Europe.

President Wilson's statement that the war will involve "the most practical co-operation in counsel and action" with the allies is taken to

### WOMAN TELLS OF HUSBAND'S CASE

Clyde Kyle, Factory Foreman, Greatly Benefited by Tanlac, Wife Says

Mishawaka, Ind., April 5.—Mrs. Clyde Kyle, who lives on East Jefferson street, this city, wife of a mechanical foreman at the Rubber Regenerating Company, praises Tanlac, the Master Medicine, because of benefits her husband has derived from its use.

"My husband has suffered from stomach trouble and rheumatism for a long time," Mrs. Kyle said on December 13. "His appetite was very poor and the little food he did eat was not digested properly. He was in a constipated condition nearly all the time and, as a result, he often suffered from severe headaches. The rheumatic pains came in nearly every portion of his body. His kidneys, also, have been out of order, severe pains in his back bothering him. He didn't sleep well at night and never seemed to be entirely rested.

"Tanlac was recommended to my husband by our daughter and he decided to try it. It certainly has done him lots of good. Why, his food tastes a lot better, too. His appetite is greatly improved and he eats what he wants and all he wishes without any indigestion or any other bad after effects. The constipation has disappeared entirely and he is not bothered with headaches now. The pains in his back have disappeared. He sleeps soundly and peacefully at night now. The rheumatism also has left.

"I recommend Tanlac because of what it did for my husband."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, loss of appetite and the like.

Tanlac is now being introduced in Rushville at F. E. Wolcott's Drug Store; in Arlington at Mrs. L. T. Davis'; in Carthage at J. H. McCarthy and Sons and in Milroy at Barton's and Shephards.—(Adv.)

### AMBULANCE MEN ALWAYS IN DANGER

American College Students Serving in Balkans Relate Thrilling Experiences.

### ONE KILLED AND ONE HURT

German Shell Blew Little Girl Driver Was Visiting With to Pieces.

BY WILBUR S. FORREST.  
(U. P. Staff Correspondent.)

Paris, March 16.—(By Mail)—Many times a day the little band of 55 American college students driving cars for the American Ambulance in the Balkans get their fill of the horrors of war.

Ennis Brown of Charleston, S. C., the first of the 55 to return, is here today. He told the story of Robert Montgomery, a Princeton boy from New York City, the only one of the company wounded up to the time he left on his way back to America.

"Our work is in and around Monastir," said Brown, "and mighty rough going it is. Over perilous mountain passes and over country no man would think of travelling in peace time.

"Shelling of our territory by the big German guns is ceaseless. Even in the town we are constantly strafed. Montgomery was sitting in his ambulance one day talking to a wee tot of a little girl who was interested to know all manner of inconsequently things about the ambulance and Americans in general. As they talked and laughed, a German shell fell, blew the child to pieces and wounded Montgomery. He is now recovering.

The boys drive their little cars under fire when necessary to carry a spark of human life back to safety where it can have a chance to flame up again.

Back there in the little English cemetery, at Salonica, is one who will never return. He is Edward Sotwell, Cambridge, Mass., a former student of Harvard, accidentally killed on duty.

"We buried him immediately," said Brown "A French priest conducted the service while we stood around.

"Sotwell was the victim of an auto wreck not long after we arrived at Salonica after a hard voyage on a stuffy troop ship down the Mediterranean."

"From Florina we headed directly for Monastir," added Brown. "We arrived there just after the battle in which Allied troops, including the Serbians, had driven out the Bulgars. Dead were lying everywhere. The Bulgars had retreated to lines North of Monastir and as we drove in they were shelling the town. Bulgar and Turk irregulars still occupied many houses and were continuously "snipping" the soldiers. None of us were hit.

"Real danger commenced when the Germans took over the Bulgar lines to the North. The Germans moved in heavier artillery and gave Monastir its daily deluge of steel. Through their system of espionage and observation it was not safe for even a small Ford ambulance to move through Monastir's crooked streets. Shells would drop just behind our cars as they passed along, the range at times so exact that the explosions would follow the curves and corners.

"The persistent shelling of Monastir finally made it too unhealthy for the American ambulances there. It was necessary to hide the cars in narrow streets and never allow them to be seen in the open squares. The ambulance base was therefore moved to Neogazani, south of Monastir, from where we worked, always at night, bringing the wounded back to the base hospital from the front lines."

### CROP MEETING WILL BE HELD HERE SATURDAY

Continued from Page 1.

caused the governor to send him the call for the meeting.

The call Governor Goodrich issued was as follows:

To the People of Indiana: In the face of the greatest shortage in the food supply this country has ever known we are preparing to enter the European conflict. Indiana will supply her quota of men. She must prepare to supply more than her quota of food. It is necessary to organize the agricultural interests of Indiana quickly, that we may plant a larger acreage, grow larger crops and utilize to the utmost every product of our farms.

That our people may more fully understand the urgent need and take the steps necessary to meet that need, a call is hereby made for a public meeting in the county seat of every county in Indiana, to be held at 1:30 p. m., Saturday, April 7, 1917.

All farmers, county agents, better farming associations, farmers' institutes, granges, chambers of commerce, commercial clubs, grain dealers, bankers, millers, cannery, women's clubs schools and all other interested organizations and individuals are urged to united effort that this meeting may accomplish the purpose for which it is called.

Yesterday's conference, considering the shortness of the call, was considered remarkable in point of attendance and interest.

"It is for our country's sake in this crisis that we must grow our food supply," said the Governor in addressing the conference. "Next in importance to the men who go to the front to defend the honor of the nation is the conservation and production of the food supply. To increase the food supply will be one way—a most important way—to serve our country in the impending war.

"In Randolph County alone eighty-five patriotic young men have left the farm to join the army. As the enlistments continue the labor problem on the farm will be greatly increased. How to fill the ranks of these men who go away to the army is the problem presented. To draw high school pupils—too young for war—to go to work on the farms may help to solve the problem. Men who have retired from the farm may have to give up their easy life and return to the plow. Farmers, I am sure, are going to respond nobly to this patriotic duty."

After the subject had been presented from many different angles by a dozen or more speakers, the governor, on request of the conference, appointed a committee of twelve members, which met later to outline a plan for perfecting war-strength corps.

The members of this committee—later designated as the Indiana committee on food production and conservation—and the interests they represent are as follows: W. A. Guthrie, Indianapolis and Dupont, forestry; Ralph W. Moss, Center Point, Clay County, former representative in Congress, farmers; H. E. Barnard, Indianapolis, state pure food department; W. W. Bonner, Shelbyville, bankers; C. B. Riley, Indianapolis, grain dealers and millers; L. H. Wright, Indianapolis and Columbus, State Grange; Warren T. McCray, Kentland, state board of agriculture; Ralph Polk, Greenwood, cannery; G. I. Christie, Purdue University; F. H. Heacock, Salem, Indiana Horticulture Society; Samuel Schlosser, Indianapolis, dairymen; Will R. Robbins, Horace, live stock. This committee, meeting late in the afternoon and again last even-

### TO HONOR MEMORY OF J. J. AUDOBON

School Children in Many States Will Help Observe Bird Day on May 5.

### JUNIOR MEMBERS WILL AID

Some Governors Have Shown Interest in Celebration and National Event May Result.

New York, April 6.—The kiddies and the birds are going to have a big day May 5. That is the day many governors have set aside as Bird Day in the schools. Just 137 years ago that day was born John James Audobon, whose name now means bird protection.

There are 550,000 American boys and girls, helpers of the Audobon societies in protecting the birds, who will take part in the celebration. They are full fledged members and are known as Juniors. Each child paying a dime gets a membership badge and beautifully colored pictures of birds so they can recognize their feathered friends.

Thousands of new youngsters are expected to join the societies between now and May 5. Teachers are organizing them throughout the country, simply by sending their names to Gilbert Pearson, general secretary, 1974 Broadway, New York. Some of the governors are taking an interest in the celebration which may lead to a National Bird Day.

ing, was organized with the election of Mr. Moss as chairman, and Mr. Bonner secretary. The committee, with the Governor meeting with it, decided on the plan of having ninety-two county conferences held tomorrow afternoon. The requests for the several county meetings to be called there wired to the county agents in the thirty-six counties having such officers and to prominent farmers, bankers and commercial organizations in other counties.

"So you've joined a golf club?" "Had to do it," replied Mr. Grower. "The only chance of seeing some of the men I have to do business with is to meet 'em on the golf links."—Washington Star.

### Proves that Advertising Lowers the Selling Cost

The rising cost of living is the great universal hardship of the present day. So great and so many have these rises been that few people stop to realize that there have been any exception to the general rule. But the fact is that there have been numerous exceptions and all of these exceptions belong to the same great class—that of nationally advertised goods.

The present agitation on the high cost of living has led to some investigations which have brought out many facts hitherto unknown to the public. Some of the most important work in this line is being done by the Association of National Advertisers of the country. Mr. Sullivan, the Secretary-Treasurer of the Association, has given out some vitally important facts concerning the relation of advertising to selling cost.

"The old idea" said Mr. Sullivan, "that the cost of advertising raises prices dies hard. But the business man knows better. He knows that selling goods is costly business—no matter what the goods or what the goods or what the selling methods. And he knows that anything which creates demand on a large scale, and thus makes selling easier, is bound to reduce selling costs and thus helps to reduce prices.

"But evidence is better than argument: facts are better than theories, and we have been at great pains to collect the facts. We have secured an immense amount of data from our members which proves that advertising does reduce selling costs and thus tends to reduce the selling price of advertised goods. Let me quote a few examples:

"The makers of a famous photographic camera, when they began advertising twenty-eight years ago, made one camera which took a 2½ inch picture and which sold at \$25. Today they make a far better camera which sells for \$10. Another, which took a 4 x 5 picture, sold for \$60. Today they sell a far better one for \$20. And so on through the line.

"A prominent hat manufacturer has, by means of advertising, reduced his selling cost seven cents per hat. Result—the buyer gets a hat of better quality at no increase in price; this despite increased cost of raw material and workmanship.

"When the manufacturer of a famous breakfast food specialty began advertising, his goods sold at 15 cents a package. Today the package is fifty per cent larger and the price has been reduced to 10 cents. Again advertising did it, the same causes producing the same results.

"The producer of another well known food specialty is selling his goods at 25 per cent less to the wholesale grocery trade than four years ago.

"Twenty years ago a nationally advertised shaving stick was sold in cheap metal leatherette covered box. Today a stick containing 20 per cent more soap is sold in a handsome nickel box at the same price. "Then take the most conspicuous example of them all—the automobile business; and compare the \$5,000,

or \$10,000, cars of ten years ago with the equally good cars of today, selling for a fraction of the money. "And so on through a long list. In every case the manufacturer either has been able to lower the price of improve the quality at no increase in price."

How has he done it? By means of advertising, which has created demand on a larger scale and thus permitted production and distribution on a large scale. Result—improved manufacturing efficiency and reduced selling costs. And all of this in the face of a steady increase in the cost of labor and raw materials which, with advertising eliminated, might in many cases have doubled the price of the goods.

"A triumph of economical marketing" is the only possible verdict for advertising in the face of these facts.

—M. P. Caspee of Greenfield spent the day here yesterday.

### EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

### Compulsory Training.

It may be of interest just now to know what the provisions of the Chamberlain compulsory military training bill are. It covers fourteen pages and in brief is as follows:

All male citizens, except those who are the sole support of a family, must train in their nineteenth year.

No substitutes can be hired, but all must do their part.

Those trained can be called for service only in a defensive war.

The men will be called by classes, if at all, the youngest class being called first and so on.

Those trained can not be called for police or strike duty.

Persons convicted of a felony or

### A LITTLE ADVICE TO MEN

MEN WHO ARE GETTING OLD BEFORE THEY ARE HALF WAY THROUGH LIFE SHOULD READ THIS AND TAKE HEED.

There is a serious ailment that affects men. Man should be at his best when forty, but many, through carelessness, fast eating, fast living and little thought of the consequences, are old and worn out at that age. They eat, but get no benefit; they sleep, but get no rest; they work, but get nothing done.

This ailment is easily and quickly overcome. Thousands upon thousands are being benefited through a systematic treatment, which, once started, brings back that which means so much to man who enjoys eating, who enjoys work, who enjoys everything that makes for happiness.

This systematic treatment restores energy, vitality and strength. It takes man back to youthful vigor; it makes him 100 per cent efficient and makes life a happy occasion.

Pepsinco is the name of this treatment. Pepsinco digests perfectly all that is eaten. Once you take care of the food as it enters the stomach, you will be on the way to proper body condition. Pepsinco prevents sour stomach, indigestion, bloating, sick headache, biliousness and all troubles due to a faulty digestion.

Don't wait till your condition is beyond hope—don't wait till it is chronic. Start this treatment now—today. In a few days you will realize the value of the proper digestion of food. Any druggist will let you have a small amount of this wonderful aid to digestion, and once you start using Pepsinco all stomach worries will cease, and youthful vigor will take the place of premature old age.

### PRE-EASTER REVIVAL SERVICES ARE CLOSED

The Rev. L. E. Brown Preaches Fine Sermons at Main Street Christian Church Meetings

### SPECIAL SERIES TO START

The pre-Easter revival ended at the Main Street Christian church with the service last night. The general verdict was that the Rev. L. E. Brown of Connersville, who held the revival, preached a fine series of sermons.

The pastor, the Rev. C. M. Yocum, will begin a special series of Sunday evening sermons on the general topic, "Heaven," on next Sunday evening, when his theme will be, "Is There a Life After Death?" Other subjects are: April 15, "Where and What is Heaven?"; April 22, "Recognition and Relationships in Heaven"; April 29, "The Last Five Minutes Before and the First Five Minutes After Death"; May 6, "How to Make Sure of Heaven."

notoriously bad characters, are to be trained in separate units.

No intoxicating liquors or tobacco are to be sold or supplied at any military or naval training station.

The government pays all expenses, furnishes uniforms, equipment, medical attention, and similar service, and should a person be disabled when training or going to or from a training camp he becomes entitled to a pension.

No person liable for training can be naturalized as a citizen of the United States unless he can show a certificate of training or of exemption.

When called for training, young men may express their preferences for any branch of service, cavalry, artillery, infantry, aviation corps, signal corps, engineers' corps or navy, and so far as practicable their wishes will be observed.

Those to be trained may express a preference for the time of year in which they will take their training and so far as practicable their wishes will be observed.

The training periods will be six months, except that a credit of three months will be allowed to those who have had training in a military or naval school approved by the federal government.

### Example of Loyalty.

An example of gratifying loyalty has been cited by the United States recruiting officers at Little Rock, Arkansas. J. L. Leigh applied for enlistment in the navy.

Mr. Leigh requested that he be enlisted at once and sent to the largest battleship afloat for service on that vessel, and he was greatly disappointed when informed by the recruiting officer that he exceeded the required age limit by forty some odd years, he being sixty-nine years of age.

Mr. Leigh is a warrior of experience, having enlisted in the confederate army at the age of thirteen and having served for four years, which ended in April, 1865, under General Lee, at Appomattox.

It is most gratifying, in these times of need to find such loyal spirit in the "Boys of 1861" and such an example as shown by our worthy veteran, Mr. Leigh, will no doubt find a like response by the "Boys of 1917."

Senator James E. Watson has received much favorable comment regarding the interview given James B. Morrow some weeks ago, in which he asserted that this was a rag-time nation. The Daily Republican recently reprinted an editorial from the El Paso Times and one has now reached here from the Knoxville, Tenn., Tribune. Mr. Watson—glory to his name—does not flatter us, says the Tribune.

### MRS. EARL CHURCHILL EXPIRES AT DENVER

Former Rushville Woman, Who Left Here 5 Years Ago on Account of Poor Health, Dies

### FUNERAL WILL BE HELD HERE

Mrs. Earl Churchill, age forty years, formerly of this city, died at her home in Denver, Colorado, yesterday noon and the body will arrive here tomorrow evening and be taken to the home of Mr. and Mrs. Lon H. Havens, corner of Seventh and Main streets. The funeral will take place at the Havens home at two o'clock Sunday afternoon and burial will be in East Hill cemetery.

Mrs. Churchill expired after a five years or more fight against tuberculosis. Mr. and Mrs. Churchill and family left here five years ago last July for Denver with the hope that Mrs. Churchill would recover her health, but she never showed much improvement.

Mrs. Churchill is survived by her husband and two sons, Harry and Robert, and a sister, Mrs. Hudson Lander of Newcastle.

## SHOULDER BONE IS BROKEN IN MISHAP

Mrs. O. M. Smith May Also Have  
Fractured Rib as Result of  
Accident When Horse Frightens

### SCARES AT AN AUTOMOBILE

Mrs. O. M. Smith, sustained a broken shoulder bone and numerous bruises yesterday when the horse she was driving frightened at an automobile, resulting in turning the buggy over. Mrs. Thomas Dill, a daughter of Mrs. Smith, who was also in the buggy, escaped injury. They were enroute to the home of Harvey Daubenspeck, who was celebrating his ninety-second birthday.

The accident occurred near the Elmer Guffin farm east of the city. The automobile was standing to the side of the road and in going around the machine the horse jumped to one side, carrying the buggy over into the ditch at the side of the road. Mrs. Smith's left shoulder blade was broken and it may be that one rib was fractured.

### Amusements

The Princess offers the feature "The Ragamuffin" for the first picture of tonight's program. Blanche Sweet and Billy Elmer are featured. It is an elaborate production replete with dramatic action, tense situations and exciting episodes. In addition to this drama a reel of Burton Holmes travels will be shown entitled "Summer Days Near San Diego."

The Lyric will show the Mutual masterpiece "The Conscience of John David" for the program tonight. It is said to be a gripping story and features Crane Wilbur. He is supported by an all star cast. There is said to be some wonderful character work in this drama.

The Gem tonight offers "The Torch Bearer" a drama of politics. It tells the tale of John Huntley Knox, editor of a paper with his fine perceptions of duty inherited from a long line of upright patriots, and his stand against criminal element in his city. The climaxes come with rapidity. It seems more than once the fight is lost. William Russell, the celebrated screen hero is the star supported by Charlotte Burton and an able cast.

### With The Churches

At the Glenwood United Presbyterian church the following services will be conducted Sunday: school at 1:30 and preaching service at 2:15.

Services at the First Presbyterian church will be as follows, Sunday: 7 a. m., "Quiet Hour;" 9:30, Bible school; 10:30, divine worship, sermon by the pastor and special music by choir; 4 p. m., Vesper service, a special Easter praise service; 5 p. m., special C. E. Easter service.

Services appropriate to Easter will be conducted Sunday at the United Presbyterian church. Bible school at 9:30 a. m. and preaching at 10:45 o'clock, subject "The Resurrection Hope." Y. P. C. U. meeting at 6:30 o'clock and the evening sermon at 7:30 o'clock, the subject of which will be "The Easter Joy." At the evening service the children's white robed choir will sing. The pastor, the Rev. J. T. Aikin will preach at both services.

A special Easter program will be given at the Main Street Christian Sunday school Sunday morning at 9:15 o'clock. The pastor will preach at 10:30 on the subject, "Visions of God." In the evening at 7:30 he will begin a series of Sunday night sermons on Heaven. The subject for the first one will be, "Is There a Life After Death?" Special Easter music will be provided at all services.

## GUARDIAN IS PROVIDED

Arthur Wagoner Takes Necessary  
Steps to Enlist in Army

Shelbyville, Ind., April 6.—Charles Arthur Wagoner, 17 years old, an orphan, living with relatives near Morristown, sold his bicycle to get money to go to Indianapolis to enlist in the army, but found that because of his age he could not enlist without the consent of a guardian. He had no guardian, but his determination to get into the army led to one being provided for him in Circuit Court, and John F. Walker, an attorney, was appointed on suggestion of Postmaster Allen Green. Wagoner went to Indianapolis at once armed with proper consent.

## MRS. STEWART ESTATE WINS

Claim of Estate of Late Riley Stewart Held to be Unwarranted

A verdict for the estate of Sarah Stewart, the defendant in the action brought by the estate of Riley Stewart, on a claim demanding \$3,112, was returned by the jury in circuit court last night at eight o'clock. SOCIETY NEWS

Church Societies, Parties, Weddings, Dances, Literary and Musical Organizations, Sewing Circles, Card Clubs and Many Other Things of Interest to Women.

**Miss Katherine Hitt**

The regular meeting of the Tri Kappa sorority will be held tomorrow night, instead of Monday with Miss Kathryn Petry, 631 North Sexton street.

The regular meeting of the Dunning Music Study Club this week was led by Miss Mildred Boys. It was held at the home of Mrs. Will Meredith instead of Mrs. Boys, as stated yesterday.

Mrs. T. H. Reed entertained twelve members of the Grand Club yesterday afternoon. In the evening the husbands were also entertained, this affair being a six o'clock dinner. Spirited rounds of cards furnished ample amusements for the guests, during the evening.

Mrs. Edwin Payne and Mrs. Sidie Mowers entertained several guests at luncheon yesterday in honor of Miss Christina Mauzy of Indianapolis. Spring flowers were used as an attractive table decoration. Mrs. Charles Mauzy, Mrs. Hugh Mauzy, Mrs. Louis Mauzy, Mrs. Mary Dixon, Miss Belle Donnahue, Mrs. Alle Giffin and Mrs. Ralph Payne and daughter, Virginia, were the guests who enjoyed the delightful affair.

Honoring their house guests Mrs. Wicks and son, Robert, of Anderson, Mr. and Mrs. E. B. Thomas entertained a number of their friends Wednesday evening with a six o'clock dinner. The center of the beautifully laid table was adorned with pots of blooming hyacinths. Aside from the guests of honor, Mr. and Mrs. Herman Miller and Mr. and Mrs. Hutch Innis of Milroy and Mr. and Mrs. L. B. Miller of this city enjoyed the delightful affair.

The Women's Missionary Society of the Little Flat Rock Christian church were entertained by the members of the April division of that society. An interesting program, arranged by Mrs. Smith and in charge of Mrs. Carl Wilson was given, as follows: piano duet, Miss Beryl Barber and Miss Ruby Stewart; Lords Prayer in concert; scripture reading, Mrs. Carl Wilson; roll call; paper on "Mexico," Mrs. Elsie Stamm; vocal solo, "In the Secret of His Presence," Mrs. Mable Norris; Bible study, 23rd Psalm, Mrs. Bessie Matney; vocal solo, Miss Beryl Barber; talk on Conventions, Conferences and Rallies, Mrs. Ora Norris; slogans and aims of the 5 years campaign, repeated in concert; and the program was closed by the auxiliary benediction. The church was decorated with flags and potted hyacinths. Light refreshments were served.

**To Prevent Old Age Coming Too Soon!**

"Toxic poisons in the blood are thrown out by the kidneys. The kidneys act as filters for such poisons. If we wish to prevent old age coming too soon and increase our chances for a long life, we should drink plenty of pure water and take a little Anurie," says the famous Dr. Pierce of Buffalo, N. Y.

When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, the simple way to overcome these disorders is merely to obtain Anurie (double strength) from your nearest druggist and you will quickly notice the grand results. You will find it many times more potent than lithia, and that it dissolves uric acid almost as hot water does sugar.

**A WELL-KNOWN PHYSICIAN ADVISES MARVELOUS HERBAL MEDICINE.**

Elkhart, Ind.—"Dr. Pierce's Favorite Prescription is truly a wonderful medicine for women. Several years ago I had an operation. For a whole year afterwards I suffered with intense abdominal pains and became a nervous wreck. I became greatly discouraged because my doctor's medicine gave me so little relief and I think he was rather discouraged, too, for it was he who advised me to try "Favorite Prescription." His wife had been a nurse and he said she had seen some wonderful results with this medicine. The third day after I commenced taking it my nerves were quiet, appetite improved and I could sleep. In a month I felt and looked like a different woman."—Mrs. Frances M. Kistner, 623 Fourth St.

The Ladies Aid society of the St. Paul's M. E. church will be entertained next Tuesday afternoon at the home of Mrs. Charles Hugo in North Morgan street, assisted by Mrs. Arthur Yakey.

Twelve members of the Harmony club met with Mr. and Mrs. Frank Flint yesterday evening, for a social time over cards, after which a dainty repast was served, the color scheme of yellow and white predominating.

Another of the series of Glenwood dances were held in that town last night, with a large crowd from here attending; among whom were Edward Meredith, Everett Oakley, Francis Knecht, Larry Knecht, the Misses Pauline Gosnell, Effie Young, Nellie Brown and Ethel Oakley.

Invitations were issued today for a reception to be given by Mr. and Mrs. F. G. Hackleman at their home at 515 North Morgan street, Wednesday evening, April 18, for their son, Ward H. Hackleman and his bride, who were married in Indianapolis Wednesday evening. The hours are from eight to nine and nine to ten-thirty.

The Misses Anna and Alice Glore are having as dinner guests today Mrs. Kathryn Brown of Castleton, Ind., Mrs. Frank Hayes of Atlanta, Ga., Mrs. W. T. Lampton, Mrs. W. D. Martin and Mrs. Arla Tompkins of Milroy. Easter flowers adorned the center of the table and large bowls of jonquils were used to decorate the living room, where the guests enjoyed the afternoon over needle work.

The C. W. B. M. of the Fairview Christian church, held their regular monthly meeting at the church, Wednesday afternoon, with Mrs. Ora Smith as leader. After the business period, sentence prayers were repeated, led by Mrs. Noah Cummings; Bible study, 23 Psalm, Mrs. Grant Hinchman; prayer for America and World Peace, by Mrs. Frank Grossman. A paper entitled "The Call of the Kingdom" was read by Mrs. Will Groves. The meeting was closed by a short talk by Mrs. G. F. Powers on "Missionary."

**FEDERAL SERVICE PUT ON TRAIL OF SPIES**

Postmasters, Letter Carriers and Rural Mail Carriers to Counteract Conspirators

THEY WILL SCAN ALL MAIL

The whole federal service, including postmasters, letter carriers and rural mail carriers, has been set on the trail of spies or conspirators against the United States, according to orders issued by the government at Washington.

These are in addition to the multitude of municipal police and detectives who are being organized into a single big machine to gather information on agents of foreign governments.

The work is directed by the bureau of investigation and the secret service.

At least 300,000 city letter carriers and rural free delivery employees alone are under orders to scan letters and packages passing through their hands for evidence of plots against the nation.

## SOCIALISTS TO OPPOSE THE WAR

National Convention Convening in St. Louis Tomorrow Will Likely go on Record.

**WILL PRESENT RESOLUTION**

Was Originally Set For September But International Relations Caused Change.

St. Louis, Mo., April 6.—A mighty protest against the participation of the United States in the war will be the first action of the hastily-called national Socialist convention meeting here tomorrow.

Although the convention was originally scheduled for September, in view of the perilous international situation it was convened at once in order to go on record as opposing any hostile move by the United States.

From every part of the country delegates will gather at the Planters Hotel to take part in the protest. More than two hundred credentialed delegates will represent the different sections of the country.

"Probably the first action of the convention will be a strong resolution of protest against any course that would bring the United States into the war," said Adolph Germer, national secretary of the Socialist party.

"Of course war, except to repel an actual invasion, is contrary to the principles of the Socialist party. We condemn entrance into the war upon the present grounds. A resolution will be adopted and then submitted to a referendum vote of the entire party. We moved our convention date ahead five months because of the war cloud. We want to get our stand on record.

At the convention a revision of the platform of the national party will be attempted and the next campaign mapped out.

The meeting is expected to continue for one week.

Miss Agnes Walsh of Greenfield is spending the week-end with relatives in this city.

Marion—When Paul Hopkins, a student at the Normal institute, refused to wear a small American flag which had been given to him, the other students decorated him with red, white and blue paint.

## Moline Universal One Man Tractor

The Most Powerful Tractor in the World, to its Pounds of weight.

For All Field Work — Plowing, Harrowing, Planting, Cultivating, Mowing, Haying, Harvesting, Etc.

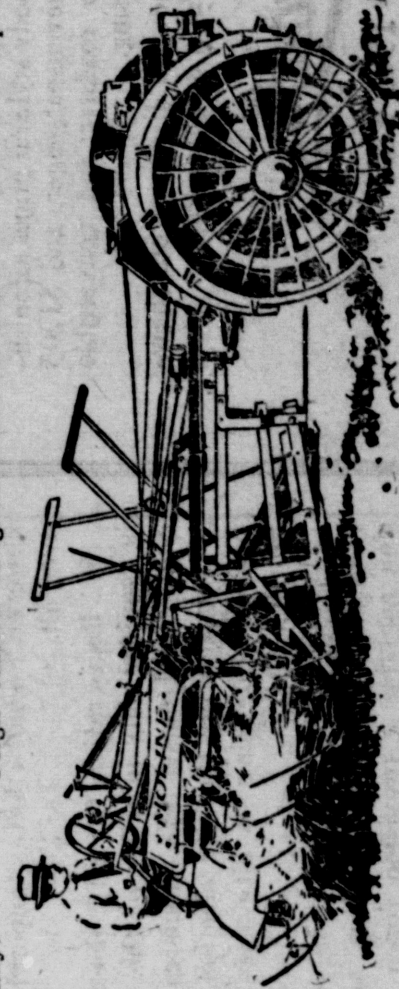

10 to 12 H. P. on the Belt for Stationary Work.

### REASONS WHY THE MOLINE - UNIVERSAL IS IN A CLASS BY ITSELF

- Operator controls entire outfit from the seat of the implement—only one man required.
- Pulls the usual 5-horse load.
- Does as much work as seven horses owing to its greater speed and endurance.
- Costs less than four horses.
- Requires less care than one horse.
- Eats only when it works.
- Weighs about the same as a team, and from 1500 to 2000 pounds less than any other tractor of equal power.
- Handles easier than a team.
- All the weight on the drive wheels—every ounce available for traction.
- Turns in a 16-foot circle.
- Backs as easily as it goes forward.
- Plows from four to twelve acres a day.

- One wheel runs in the furrow—practically self steering.
- Does not pack the soil.
- Works close to fences and in corners—just right for work in small fields.
- Cultivates from sixteen to twenty acres a day.
- Thirty-one inches vertical clearance.
- Can easily and quickly be attached to mow, er, binder, hay rake, harrow, planter, lister, grain drill, etc.
- Develops from 10 to 12 h. p. for grinding, pumping, cutting silage, sawing wood, running lighting or power plant.
- Motor is two cylinder opposed, cast en bloc with detachable heads.
- Automatic force-feed lubricator oils all parts.
- High tension magneto—no batteries.
- Steel cut gears.
- Governor that perfectly controls motor at all speeds from 1 to 3 miles per hour.
- Traction lugs or cleats furnished to meet all soil conditions.
- Compact, simple and efficient.
- Regularly equipped with one 16 or 18-inch sulky, two bottom 12 or 14-inch gang or two disc gang, extra heavy construction and power lift.
- Can be furnished with rear carrying truck as an extra; also attachments for disc harrow, grain drill, planter, cultivator, mower, grain binder, corn binder, etc.
- Manufactured by a company with \$19,000,000 paid-up capital who will stand back of it.

### Breaking Down The Barrier!

UNTIL now, the car of superlative smoothness in performance, elegance, style, and richness in finish has been the exclusive privilege of the very rich.

With the coming of the new Oldsmobile, Model 45, the man of average means has access to the same pride of ownership, the same consciousness of utmost enjoyment, that formerly was attainable only by the possessors of great fortunes.

In the Model 45, he is enabled to boast a car that in point of smoothness, ability in performance, style, and refinement of finish is the peer of the world's most luxurious motor cars.

The car is built in four body styles at prices astonishingly low,—\$1367 for the seven-passenger, and \$1295 for the five-passenger, club roadster and convertible roadster models, f. o. b. Lansing.

The seven-passenger is now on display at our showroom. Call or write today for a demonstration.

## CHANGES SYSTEM OF REGISTRATION

New Law, Copies of Which Have Been Distributed, Provides For Continuous Session.

THE BOARD MEETS IN APRIL

Special Provision is Made This Year, However, For Constitutional Convention Election.

Copies of the new act governing the registration of voters have been distributed. The act radically changes the whole process of registration. All voters should acquaint themselves with this fact and inform themselves as to how to set about saving their right to vote in the future. Following are some of the outstanding provisions of the new law:

1. There shall be but one registration board and but one place of registration in the county.

2. The registration board shall consist of the county clerk, a member of the republican party to be selected by the county chairman of that party and a member of the democratic party to be selected by the county chairman of that party. The place of registration shall be in the court house, in a room that the county commissioners shall provide for the purpose.

3. In each year in which a general election is to be held the registration board shall commence its session on the second Monday in April and continue in session until the 29th day before the election. Sundays and legal holidays excepted. For the registration for the special election to be held this year, the board shall be in session sixty days, beginning June 20 and continuing until August 20.

4. The clerical work of receiving and entering registration applications shall be done by a chief clerk and an assistant chief clerk, one a republican and the other a democrat, who shall be paid for their services a sum to be fixed by the registration board, which sum shall not exceed \$5 a day for each. In case assistant clerks are needed, half shall be republicans and half democrats and they shall be paid not to exceed \$3 a day each.

5. A voter may register in any one of four ways. 1. By delivering his application properly filled out and signed in person to the registration board. 2. By delivering his application to the board by messenger, in which case the application must contain the oath of the applicant's identity. 4. By delivering his application to the inspector of the primary election board at the primary voting place in the precinct in which the applicant lives. There will be no chance, of course, to avail one's self of this last means of registration in Howard county this year.

6. The board of registration becomes the board of primary election commissioners and the board of general election commissioners. The clerk receives no compensation for his services as members of such board. The other two members receive such compensation as the law provides shall be paid members of the county board of election commissioners.

7. When the registration board opens its sessions, it shall keep the registration place open and have clerks there ready to receive and record applications from 8 o'clock a. m. to 5 p. m. each day. The chief clerk and deputy shall have charge of the registration room and shall have direction over assistant clerks. The registration board, however, shall have supervision over all.

8. Registration for city elections is required only in cities of the first and second class. No registration is required for the city election in Kokomo, it being a city of the fourth class.

The new registration act is comprised of 48 sections and in addition contains a provision for a full registration of voters in each county of the state this year on account of the special election to be held on September 18 for the purpose of choosing delegates to the constitutional convention.

## Will Women Take The Place of Men?

Assistant Secretary of Agriculture Hopes to Enlist a Million Because Nation Will be in as Great Need of Farm Laborers as Soldiers.

BY CARL VROOMAN.

Assistant Secretary of Agriculture. Member National Emergency Food Garden Commission. (Written for United Press.)

Washington, April 6.—Can we enlist a million American women to do men's work this summer on the farm?

I ask this question because it is possible that this summer the United States may be in as great need of farm laborers as of soldiers and munition makers. But whether the actual opportunity comes this year or not, preparedness of the individual for war or for peace demands that American farm women be ready for every possible emergency.

It is well within the bounds of probability that the available farm labor of the United States will be materially reduced by the calling of many men to other and more hazardous duties than sowing and reaping.

It is physically possible for the farm women of America to aid our economic preparedness in the event that a war summons an immense army to the colors. To handle modern farm implements is not necessarily beyond a woman's strength. With a good team and a riding cultivator equipped with a sun umbrella, plowing corn is a deal more pleasant than washing. The spring seat of a binder compares favorably with the comfort of a piano stool. Few household duties are more fun than riding a hay-rake. Even plowing with a sulky is not too heavy a strain for some American women.

Every farm girl and woman should proceed at once to master the elements of practical scientific farming. Those who can should attend short courses in agricultural schools and every one should ask questions, observe, and read bulletins.

The Department of Agriculture has issued a concise, simple, practical primer of scientific agriculture for the Middle West—Farmers' Bulletin No. 704—which can be obtained through Congressmen or directly from the Agriculture Department. Similar bulletins for other regions are now under preparation.

Every farm girl and woman, moreover, should, by all means, take a hand in actual farm operations so as to handle tractors, horses, and farm implements readily and skillfully. Those who do so will not have to prepare after the fighting has begun, to do their "bit" for their country in time of danger. They will know how to plant, cultivate, and harvest the crops essential to our national welfare when saving them depends upon the service of women in the field.

Let the million women step forward.

## HOOSIER BRIEFS

London, April 6.—Summertime in England will start day after tomorrow. Nature has nothing to say about it, because the Government decides such things for her.

Times have changed since celluloid collars were all the rage and automobiles only had two cylinders. Like artificial ice and storage eggs, the seasons have been taken completely out of the hands of Providence.

Summer starts April 8, because on that date the clocks of the Realm will all be set forward one hour to save daylight. On September 23, the clocks will be set back again, and Nature can suit herself about the seasons for the rest of the year.

Indianapolis, Ind., April 6.—Corporations doing business in Indiana must answer four important questions put to them by taxation authorities, according to a ruling by Attorney General Ele Stansbury. The rulings, to which some of the corporations objected on the grounds that they were "to personal" are:

How much common stock paid up on March 1, 1917?

How much preferred stock paid up on March 1, 1917?

How much surplus on March 1, 1917?

How much surplus and the amount of undivided profits on March 1, 1917?

**Proteids.**

The proteid is a benevolent bug that gets into your system and prowls around among your food, making it behave itself and do you good.

It is a half brother to the vitamin and uncle to the caloric, which also do police duty along the alimentary canal.

The caloric likes to live only in certain kinds of food. The bean is probably more densely populated with it than any other vegetable.

But you want to be careful. Don't let too many proteids congregate in your system or they'll get mad. No proteid likes to be crowded. As long as you treat it right and give it elbow room, it'll be decent; but once gain the ill will of a proteid and you might as well give yourself up to dyspepsia and be done with it.

## AMERICA AT WAR WITH GERMANY

### Amidst Dramatic Scenes House Acts on Resolution

**Final Vote Early Today Declaring State of War  
Exists Between United States and German Im-  
perial Government, After Debate Beginning  
Yesterday Morning, is 373 to 50. First Blows  
Will be Struck at Once. First Great Budget  
Asking Over \$3,500,000,000 Discussed Today**

#### TWO MILLION YOUTHS WILL BE NEEDED

By ROBERT J. BENDER  
(U. P. Staff Correspondent)

Washington, April 6.—War was declared at 1:13 p. m. today. At exactly that hour President Wilson signed the joint resolution passed by house and senate declaring a state of war exists between the United States and Germany.

An hour before, the resolution was signed by Vice-President Marshall at 12:13 p. m. These were the last formalities to make the United States an ally of England, France and Russia in the world war against Germany.

As the president affixed his signature to the document, orders were flashed by wireless to American ships at sea and to the forts of the United States telling them that war was on.

Messages to all the countries of the earth were sent telling them of this government's action.

The state department immediately informed the Swiss minister, representing Germany's interests in this country, of this country's action.

Immediately after he signed the resolution the president issued a proclamation to the people, declaring a state of war exists between the United States and the German government.

He asks all American citizens, in loyal devotion to their country, to uphold the law of the land and give undivided and willing support to all measures to be passed to bring the war to a successful close and a just and lasting peace.

The president stated that aliens will be undisturbed in peaceful pursuits of their occupations as long as they observe the law.

Amidst the most dramatic scenes ever witnessed in congress the house early today passed the resolution which formally declared Germany an enemy. The vote was 373 to 50.

The first blows will be struck at once.

The nation is now ready for money and more men. Two million youths will be wanted in the next two years. Billions of dollars will be required. The first great budget asking over three and one-half billions is up for discussion today in the house appropriations committee.

The military committee has been informed of the administration's conscription bill to raise a great army.

After proclaiming a state of war this afternoon the president issued a statement regarding means to be used in raising an army of 2,000,000 men.

The president indorses the principle of the legislation presented to the military committee of congress last night.

He said: "We propose to raise the forces necessary to meet the present situation by bringing the regular army and the national guard up to war strength and the additions needed. The additional force of which 500,000, will be authorized immediately will serve for the period of the emergency."

The necessary men will be procured for the regular army and national guard by volunteers as at present until in the judgment of the president additional drafts are necessary. Additional forces will be raised by selective drafts from men ranging in age from 19 to 25. The quota of the several states will be in proportion to their population.

This legislation makes no attempt to solve the question of a permanent military policy of the country for the reason that in this disorganized time a clear view cannot be had of pronounced necessities or organization.

### First War Act Is Seizure of German Ships

Marines Board Ninety-Two Enemy Vessels and Make Members of the Crews Prisoners, Some of Whom Are Later Released on Parole. In Most Cases Machinery is Wrecked

#### MAY NOT BE OF ANY VALUE

(By United Press.)  
New York, April 6.—United States armed forces seized all German ships in American ports today.

It was America's first act of war. Marines boarded the enemy ships, made members of the crews prisoners and took possession of the vessels in the name of the United States.

At Hoboken, N. J., alone eighteen vessels, including the giant Vaterland, were taken over.

The total number of German ships in American waters, which were seized is ninety-one.

In New York four torpedo boat destroyers waited at the bow of the giant Vaterland. Their guns were trained on the enemy sea monster. Enemy sailors were sent to the emigration station, some later being released on parole.

The German vessels are now subject to use by the United States. Whether any of them can be put in government service is doubtful. In most cases the machinery has been wrecked.

#### OTHERS MAY BE IMPLICATED

(By United Press.)  
El Paso, Tex., April 6.—Scores of Germans are being detained here by department of justice agents, in connection with the investigation of German plots against the United States in Mexico.

It is said that the department officials have been informed to the effect that Carranza officials are implicated and arrests may follow.

### CROP MEETING IS TO BE HELD HERE

Rush County Farmers Will Respond  
to Call of Governor to Con-  
sider Ways to Help in War

#### L. B. MILLER GETS MESSAGE

State-Wide Call is Outgrowth of  
Conference Yesterday—Meeting  
Here 1:30 P. M. Saturday

L. B. Miller this morning received a message from Governor Goodrich urging him to arrange a meeting here tomorrow afternoon for farmers, bankers, grain dealers, millers and other interested persons to consider the question of conserving and increasing the country's food supply in the face of a prolonged war with Germany.

A similar message was sent to each county in the state and if all comply as is being done locally, there will be ninety-two similar meetings tomorrow afternoon with the one purpose in view of considering the farmers part in the war.

Mr. Miller interviewed a number of citizens here today and announced that the meeting would be held in the court house assembly room at one-thirty o'clock tomorrow afternoon.

County Superintendent George today received a telegram from Horace Ellis, state superintendent of public instruction, urging him to summons the township trustees, teachers and school children under his jurisdiction to attend the meeting. Supt. George planned to communicate with all of the trustees and ask them to request the attendance of the teachers and children in their respective townships.

Superintendent J. H. Scholl of the city schools had the meeting announced this afternoon in the Rushville schools and plans were on foot to dismiss the city institute tomorrow afternoon in order for the city teachers to attend.

The decision to request the calling of the meetings was reached following the state conference held yesterday in Indianapolis. Though only forty-eight hours' notice had been given in the Governor's emergency call, more than 150 citizens, representing almost every class interested in the production and conservation of food, were in attendance. Mr. Miller attended, which

### TO CONTEST FOR DISTRICT HONOR

Five High School Students Are En-  
tered for Discussion League  
Event Here Tonight

#### SHELBYVILLE COMES IN TODAY

Two Reel Drama Will be Shown,  
Based on Tarkington Novel,  
While Judges Decide

One more contestant was entered today in the district Discussion League contest which will be held tonight at seven-thirty o'clock at the Graham Annex auditorium. The last to send in his name was James Briggs of Shelbyville, who will represent Shelby county. This makes five speakers who will take part in the contest. There is a chance that Fayette county may send word before night that it will have a representative, but this seemed doubtful this afternoon.

The sixth district won the state contest last year, a Richmond high school boy having been adjudged victor. Richmond is sending Julius Peitz this year and it is declared that he is better than the winner last year. Carthage sent word that she was out to win with her contestant, Miss Mildred Smith, who will represent Rush county. Eugene Thomas of Fortville will represent Hancock county and Bernie Epstein of Newcastle, Henry county.

The subject on which the contestants will speak is, "Resolved that the United States adopt a system of compulsory military service similar in essentials to the Swiss plan."

A musical program will be provided and during the wait for the decision of the judges a two reel drama, "The Two Van Revels," will be shown. This is a very entertaining story based on the novel of the same name by Booth Tarkington.

A charge of ten cents will be made at the door to defray the expenses of the contest. The school authorities are hoping that a large crowd will be present because a spirited contest is promised and because the subject to be discussed is a very timely one.

There will be a concert and a play, "Jane's Legacy," and also a display of tableau lights at the Second M. E. church this evening. Refreshments will be served and a nominal admission fee charged.

### ARGUMENT FOR COMPANY IS CLINCHED

Boosters Point Out Young Men  
Should Join if They Wish to  
Avoid Being Conscripts

#### HINTS FROM WASHINGTON

If There are Not Enough Volunteers  
Conscription Will be Resorted  
to Soon

#### ABOUT EIGHTY ENLISTED

J. H. Kiplinger in Indianapolis to  
See About Examination and  
Mustering In

The formation of a national guard company was given a boost here today when it was learned that the government plans conscription in order to secure the required number of men for the war with Germany. The recruiting took on new life because of this. It has been hinted from Washington that any American man who doesn't wish to be known as a conscript should enlist today either in the regular army or the guard.

This was the feature being pointed out to prospective joiners of the company and in many cases clinched the argument. Under the national defense act, if there are not enough volunteers, it is possible, under the law as it exists, to conscript men to fill the guards' rank. The men in charge of the formation of a company here were elated at this turn of events and believed there could be no failure to form the company.

John H. Kiplinger, one of the men backing the local company, was in Indianapolis today for a conference with Adjutant General Smith and if possible a date will be set for the examining of the men already signed up and mustering in of the company. It was stated today that between 75 and 80 men have signed up for the company here and the fact that the government will use conscription is expected to aid in completing the organization. The belief exists that as soon as the regular army has its full war strength of 287,000 men and the national guard has its full quota an expeditionary force will be sent to Europe.

President Wilson's statement that the war will involve "the most practical co-operation in counsel and action" with the allies is taken to

### A CLEAR COMPLEXION

**Ruddy Cheeks—Sparkling Eyes—Most Women Can Have**

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

### Compulsory Training.

It may be of interest just now to know what the provisions of the Chamberlain compulsory military training bill are. It covers fourteen pages and in brief is as follows:

All male citizens, except those who are the sole support of a family, must train in their nineteenth year.

No substitutes can be hired, but all must do their part.

Those trained can be called for service only in a defensive war.

The men will be called by classes, if at all, the youngest class being called first and so on.

Those trained can not be called for police or strike duty.

Persons convicted of a felony or

## A LITTLE ADVICE TO MEN

**MEN WHO ARE GETTING OLD BEFORE THEY ARE HALF WAY THROUGH LIFE SHOULD READ THIS AND TAKE HEED.**

There is a serious ailment that affects men. Man should be at his best when forty, but many, through carelessness, fast eating, fast living and little thought of the consequences, are old and worn out at that age. They eat, but get no benefit; they sleep, but get no rest; they work, but get nothing done.

This ailment is easily and quickly overcome. Thousands upon thousands are being benefited through a systematic treatment which, once started, brings back that which means so much to man who enjoys eating, who enjoys work, who enjoys everything that makes for happiness.

This systematic treatment restores energy, vitality and strength. It takes man back to youthful vigor; it makes him 100 per cent efficient and makes life a happy occasion.

**Pepsin** is the name of this treatment. Pepsin digests perfectly all that is eaten. Once you take care of the food as it enters the stomach, you will be on the way to proper body condition. Pepsin prevents sour stomach, indigestion, bloating, sick headache, biliousness and all troubles due to a faulty digestion.

Don't wait till your condition is beyond hope—don't wait till it is chronic. Start this treatment now—today. In a few days you will realize the value of the proper digestion of food. Any druggist will let you have a small amount of this wonderful aid to digestion, and once you start using Pepsin, all stomach troubles will cease, and youthful vigor will take the place of the old age.

## PRE-EASTER REVIVAL SERVICES ARE CLOSED

The Rev. L. E. Brown Preaches Fine Sermons at Main Street Christian Church Meetings

### SPECIAL SERIES TO START

The pre-Easter revival ended at the Main Street Christian church with the service last night. The general verdict was that the Rev. L. E. Brown of Connersville, who held the revival, preached a fine series of sermons.

The pastor, the Rev. C. M. Yocum, will begin a special series of Sunday evening sermons on the general topic, "Heaven," on next Sunday evening, when his theme will be, "Is There a Life After Death?" Other subjects are: April 15, "Where and What is Heaven?" April 22, "Recognition and Relationships in Heaven;" April 29, "The Last Five Minutes Before and the First Five Minutes After Death;" May 6, "How to Make Sure of Heaven."

notoriously bad characters, are to be trained in separate units.

No intoxicating liquors or tobacco are to be sold or supplied at any military or naval training station.

The government pays all expenses, furnishes uniforms, equipment, medical attention, and similar service, and should a person be disabled when training or going to or from a training camp he becomes entitled to a pension.

No person liable for training can be naturalized as a citizen of the United States unless he can show a certificate of training or of exemption.

When called for training, young men may express their preferences for any branch of service, cavalry, artillery, infantry, aviation corps, signal corps, engineers' corps or navy, and so far as practicable their wishes will be observed.

Those to be trained may express a preference for the time of year in which they will take their training and so far as practicable their wishes will be observed.

The training periods will be six months, except that a credit of three months will be allowed to those who have had training in a military or naval school approved by the federal government.

### Example of Loyalty.

An example of gratifying loyalty has been cited by the United States recruiting officers at Little Rock, Arkansas. J. L. Leigh applied for enlistment in the navy.

Mr. Leigh requested that he be enlisted at once and sent to the largest battleship afloat for service on that vessel, and he was greatly disappointed when informed by the recruiting officer that he exceeded the required age limit by forty some odd years, he being sixty-nine years of age.

Mr. Leigh is a warrior of experience, having enlisted in the Confederate army at the age of thirteen and having served for four years, which ended in April, 1865, under General Lee, at Appomattox.

It is most gratifying, in these times of need to find such loyal spirit in the "Boys of 1861" and such an example as shown by our worthy veteran, Mr. Leigh, will no doubt find a like response by the "Boys of 1917."

Senator James E. Watson has received much favorable comment regarding the interview given James B. Morrow some weeks ago, in which he asserted that this was a rag-time nation. The Daily Republican recently reprinted an editorial from the El Paso Times and one has now reached here from the Knoxville, Tenn. Tribune. Mr. Watson—glory to his name—does not flatter the rag-time nation.

## MRS. EARL CHURCHILL EXPIRES AT DENVER

Former Rushville Woman, Who Left Here 5 Years Ago on Account of Poor Health, Dies

### FUNERAL WILL BE HELD HERE

Mrs. Earl Churchill, age forty years, formerly of this city, died at her home in Denver, Colorado, yesterday noon and the body will arrive here tomorrow evening and be taken to the home of Mr. and Mrs. Lon H. Havens, corner of Seventh and Main streets. The funeral will take place at the Havens home at two o'clock Sunday afternoon and burial will be in East Hill cemetery.

Mrs. Churchill expired after a five years or more fight against tuberculosis. Mr. and Mrs. Churchill and family left here five years ago last July for Denver with the hope that Mrs. Churchill would recover her health, but she never showed much improvement.

Mrs. Churchill is survived by her husband and two sons, Harry and Robert, and a sister, Mrs. Hudson Lander of Newcastle.

## ANNUAL REPORTS MADE AT DINNER

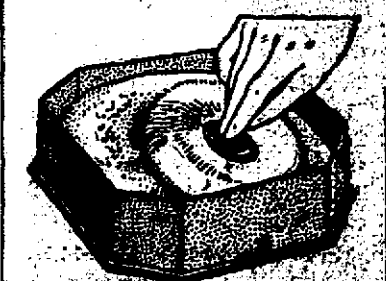

Congregational Meeting is Held by United Presbyterian Church Friday Night

### NEW OFFICERS ARE ELECTED

The annual congregation meeting and dinner of the United Presbyterian church, held last night was attended by over one hundred persons. The reports form the various church organizations were given. The church was shown to be in good financial condition and enjoyed a prosperous year. During the year there were thirty-eight new members received.

Hal Pike was elected clerk of the congregation and John S. Davis and W. O. Frazee were elected trustees for a period of three years. Miss Nora Sleeth was named as organist and A. C. Brown as choirister. Howard E. Barrett was elected chief usher. At the close of the meeting the men's Bible class presented the Rev. J. T. Aikin with a cameo stick pin. The presentation was made by T. M. Green.

T. M. Green was named superintendent of the Sunday school and B. L. Trabue and Hal Pike as assistant superintendents. Miss Cora Mitchell was elected secretary and Miss Anna Amos, assistant secretary. Miss Anna Waite was named superintendent of the home department and Mrs. Charles Boys, superintendent of the cradle role. Miss Elizabeth Waite was named as superintendent of the primary department and Miss Nola Roth was named secretary.

## SHOULDER BONE IS BROKEN IN MISHAP

Mrs. O. M. Smith May Also Have Fractured Rib as Result of Accident—When Horse Frightens

### SCARES AT AN AUTOMOBILE

Mrs. O. M. Smith, sustained a broken shoulder bone and numerous bruises yesterday when the horse she was driving frightened at an automobile, resulting in turning the buggy over. Mrs. Thomas Dell, a daughter of Mrs. Smith, who was also in the buggy, escaped injury. They were enroute to the home of Harvey Daubenspeck, who was celebrating his ninety-second birthday.

The accident occurred near the Elmer Gaffin farm east of the city. The automobile was standing to the side of the road and in going around the machine the horse jumped to one side, carrying the buggy over into the ditch at the side of the road. Mrs. Smith's left shoulder blade was broken and it may be that one rib was fractured.

### Amusements

The Princess offers the feature "The Ragamuffin" for the first picture of tonight's program. Blanche Sweet and Billy Elmer are featured. It is an elaborate production replete with dramatic action, tense situations and exciting episodes. In addition to this drama a reel of Burton Holmes travels will be shown entitled "Summer Days Near San Diego."

The Lyric will show the Mutual masterpiece "The Conscience of John David" for the program tonight. It is said to be a gripping story and features Crane Wilbur. He is supported by an all star cast. There is said to be some wonderful character work in this drama.

The Gem tonight offers "The Torch Bearer" a drama of politics. It tells the tale of John Huntley Knox, editor of a paper with his fine perceptions of duty inherited from a long line of upright patriots, and his stand against criminal element in his city. The climax comes with rapidity. It seems more than once the fight is lost. William Russell, the celebrated screen hero is the star supported by Charlotte Burton and an able cast.

### With The Churches

At the Glenwood United Presbyterian church the following services will be conducted Sunday: school at 1:30 and preaching service at 2:15.

Services at the First Presbyterian church will be as follows, Sunday: 7 a. m., "Quiet Hour;" 9:30, Bible school; 10:30, divine worship, sermon by the pastor and special music by choir; 4 p. m., Vesper service, a special Easter praise service; 5 p. m., special C. E. Easter service.

Services appropriate to Easter will be conducted Sunday at the United Presbyterian church. Bible school at 9:30 a. m. and preaching at 10:45 o'clock, subject "The Resurrection Hope." Y. P. C. U. meeting at 6:30 o'clock and the evening sermon at 7:30 o'clock, the subject of which will be "The Easter Joy." At the evening service the children's white robed choir will sing. The pastor, the Rev. J. T. Aikin will preach at both services.

A special Easter program will be given at the Main Street Christian Sunday school Sunday morning at 9:15 o'clock. The pastor will preach at 10:30 on the subject, "Visions of God." In the evening at 7:30 he will begin a series of Sunday night sermons, on Heaven. The subject for the first one will be, "Is There a Life After Death?" Special Easter music will be provided at all services.

Vincennes—"There goes a tin soldier," Harry Scheefers yelled at Sam Taylor, a national guardsman. When Taylor and the doctors had finished with Scheefers, his respect for Uncle Sam's soldiers had increased greatly.

## The Final Word Has Been Spoken on Easter Styles

Possibly you have waited until the last moment to complete your Easter wardrobe. Perhaps you were afraid of buying in haste and wearing in repentance.

Now that the last style word has been said Dame Fashion has no more instructions to give, styles are just as they will and must be.

And now that you are ready to choose you are invited to our show-room to select your Easter garments from our complete stock of top style, top quality garments.

Arthur Wagoner Takes Necessary Steps to Enlist in Army

Shelbyville, Ind., April 6.—Charles Arthur Wagoner, 17 years old, an orphan, living with relatives near Morristown, sold his bicycle to get money to go to Indianapolis to enlist in the army, but found that because of his age he could not enlist without the consent of a guardian. He had no guardian, but his determination to get into the army led to one being provided for him in Circuit Court, and John F. Walker, an attorney, was appointed on suggestion of Postmaster Allen Green. Wagoner went to Indianapolis at once armed with proper consent.

### MRS. STEWART ESTATE WINS

Claim of Estate of Late Riley Stewart Held to be Unwarranted

A verdict for the estate of Sarah Stewart, the defendant in the action brought by the estate of Riley Stewart, on a claim demanding \$4,112, was returned by the jury in circuit court last night at eight o'clock. The jury was out two hours in reaching the verdict. This was the case in which William Oscar Stewart, administrator was the plaintiff and also the defendant by reason of being the executor of the estate of Sarah Stewart.

SOCIETY NEWS

Church Societies, Parties, Weddings, Dances, Literary and Musical Organizations, Sewing Circles, Card Clubs and Many Other Things of Interest to Women.

Miss Katherine Hitt

The regular meeting of the Tri Kappa sorority will be held tomorrow night, instead of Monday with Miss Kathryn Petry, 631 North Sexton street.

The regular meeting of the Dunning Music Study Club this week was led by Miss Mildred Boys. It was held at the home of Mrs. Will Meredith instead of Mrs. Boys, as stated yesterday.

Mrs. T. H. Reed entertained twelve members of the Grand Club yesterday afternoon. In the evening the husbands were also entertained, this affair being a six o'clock dinner. Spirited rounds of cards furnished ample amusements for the guests, during the evening.

Mrs. Edwin Payne and Mrs. Sidie Mowers entertained several guests at luncheon yesterday in honor of Miss Christina Mauzy of Indianapolis. Spring flowers were used as an attractive table decoration. Mrs. Charles Mauzy, Mrs. Hugh Mauzy, Mrs. Louis Mauzy, Mrs. Mary Dixon, Miss Belle Donna-hue, Mrs. Alle Guffin and Mrs. Ralph Payne and daughter, Virginia, were the guests who enjoyed the delightful affair.

Honoring their house guests Mrs. Wicks and son, Robert, of Anderson, Mr. and Mrs. E. B. Thomas entertained a number of their friends Wednesday evening with a six o'clock dinner. The center of the beautifully laid table was adorned with pots of blooming hyacinths. Aside from the guests of honor, Mr. and Mrs. Herman Miller and Mr. and Mrs. Hutch Innis of Milroy and Mr. and Mrs. L. B. Miller of this city enjoyed the delightful affair.

The Women's Missionary Society of the Little Flat Rock Christian church were entertained by the members of the April division of that society. An interesting program, arranged by Mrs. Smith and in charge of Mrs. Carl Wilson was given, as follows: piano duet, Miss Beryl Barber and Miss Ruby Stewart; Lords Prayer in concert; scripture reading, Mrs. Carl Wilson; roll call; paper on "Mexico," Mrs. Elsie Stamm; vocal solo, "In the Secret of His Presence," Mrs. Mable Norris; Bible study, 23rd Psalm, Mrs. Bessie Matney; vocal solo, Miss Beryl Barber; talk on Conventions, Conferences and Rallies, Mrs. Ora Norris; slogans and aims of the 5 years campaign, repeated in concert; and the program was closed by the auxiliary benediction. The church was decorated with flags and potted hyacinths. Light refreshments were served.

To Prevent Old Age Coming Too Soon!

"Toxic poisons in the blood are thrown out by the kidneys. The kidneys act as filters for such poisons. If we wish to prevent old age coming too soon and increase our chances for a long life, we should drink plenty of pure water and take a little Anuric," says the famous Dr. Pierce of Buffalo, N. Y.

When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, the simple way to overcome these disorders is merely to obtain Anuric (double strength) from your nearest druggist and you will quickly notice the grand results. You will find it many times more potent than lithia, and that it dissolves uric acid almost as hot water does sugar.

A WELL-KNOWN PHYSICIAN ADVISES MARVELOUS HERBAL MEDICINE.

Elkhart, Ind.—"Dr. Pierce's Favorite Prescription is truly a wonderful medicine for women. Several years ago I had an operation. For a whole year afterwards I suffered with intense abdominal pains and became a nervous wreck. I became greatly discouraged because my doctor's medicine gave me so little relief and I think he was rather discouraged, too, for it was he who advised me to try "Favorite Prescription." His wife had been a nurse and he said he had seen some wonderful results with this medicine. The third day after I commenced taking it my nerves were quiet, appetite improved and I could sleep. In a month I felt and looked like a different woman."—Mrs. Thomas M. Kummer, 222 North St.

Twelve members of the Harmony club met with Mr. and Mrs. Frank Flint yesterday evening, for a social time over cards, after which a dainty repast was served, the color scheme of yellow and white predominating.

Another of the series of Glenwood dances were held in that town last night, with a large crowd from here attending, among whom were Edward Meredith, Everett Oakley, Francis Knecht, Larry Knecht, the Misses Pauline Gosnell, Effie Young, Nellie Brown and Ethel Oakley.

Invitations were issued today for a reception to be given by Mr. and Mrs. F. G. Hackleman at their home at 515 North Morgan street, Wednesday evening, April 18, for their son, Ward H. Hackleman and his bride, who were married in Indianapolis Wednesday evening. The hours are from eight to nine and nine to ten-thirty.

The Misses Anna and Alice Gore are having as dinner guests today Mrs. Kathryn Brown of Castleton, Ind., Mrs. Frank Hayes of Atlanta, Ga., Mrs. W. T. Lampton, Mrs. W. D. Martin and Mrs. Arla Tompkins of Milroy. Easter flowers adorned the center of the table and large bowls of jonquils were used to decorate the living room, where the guests enjoyed the afternoon over needle work.

The C. W. B. M. of the Fairview Christian church, held their regular monthly meeting at the church, Wednesday afternoon, with Mrs. Ora Smith as leader. After the business period, sentence prayers were repeated, led by Mrs. Noah Cummins: Bible study, 23 Psalm. Mrs. Grant Hinchman; prayer for America and World Peace, by Mrs. Frank Grossman. A paper entitled "The Call of the Kingdom" was read by Mrs. Will Groves. The meeting was closed by a short talk by Mrs. G. F. Powers on "Missionary."

FEDERAL SERVICE PUT ON TRAIL OF SPIES

Postmasters, Letter Carriers and Rural Mail Carriers to Counteract Conspirators

THEY WILL SCAN ALL MAIL

The whole federal service, including postmasters, letter carriers and rural mail carriers, has been set on the trail of spies or conspirators against the United States, according to orders issued by the government at Washington.

These are in addition to the multitude of municipal police and detectives who are being organized into a single big machine to gather information on agents of foreign governments.

The work is directed by the bureau of investigation and the secret service.

At least 300,000 city letter carriers and rural free delivery employees alone are under orders to scan letters and packages passing through their hands for evidence of plots against the nation.

GUARD REQUIREMENTS SAME AS REGULAR ARMY.

Spring House Cleaning

Every housewife has her attention called to cleaning her home at this season of the year. A general clean-up comes in the spring. Many women make it a drudgery and dread for the time to come. WHY NOT BUY SEVERAL HELPS for housecleaning which would make it a pleasure instead. One of the best articles we have found in many years for brightening and polishing the home is

Ruby Gloss

the world's best furniture polish. It brings back the beautiful lustre to all finished surfaces. It is not an oil and will not leave that gummy finish which you may find after using any other polish. A pure, clear prepared polish that gives a hard, bright gloss that will not gather dust. Cleans, polishes all furniture, pianos, woodwork and any finished floor. The best automobile polish on the market. After applying, you may drive upon the most dusty road in the country and the polish will not gather dust. Read their strong guarantee: "If Ruby Gloss is not a better polish than anything else of its kind, you may return the bottle and we will refund your money." This polish comes in 6 ounce bottles at 25c to 1 gallon size at \$2.50.

Besides the polish we have all the necessary helps for cleaning this spring—Hayden's Cedar Oil Mop is one of the best on the market, coming in a suitable size for polishing. Smaller mop and bottle of oil, 15c

Look over our complete line of Bissell's sweepers, Frantz Premier Electric Cleaners, Vacuum Sweepers, Wool Wall Dusters with six foot handles, chemically prepared hand dusters, curtain stretchers in all sizes, baskets, ammonia, sapolio, bon ami, Mufty and Dutch Cleanser.

Our Aim is to Lighten Your Cleaning and Housework.

THREATENS HARM TO WILSON

Christian Luecky is Arrested in Indianapolis For Threat

Indianapolis, Ind., April 6.—Secret Service men today arrested Christian Luecky on a charge of threatening bodily harm against the president of the United States. Luecky is said to have stated that if he could get to Washington he would kill the president. The penalty for an offense of this kind is five years in prison and a fine of \$1,000.

GOING TO INDIANAPOLIS

Representatives of the Boy Scout troops of the Main Street Christian and the First Presbyterian churches are going to Indianapolis tomorrow for a Boy Scout demonstration which has been arranged. There will be twelve or fifteen of them and they will be in charge of Alfred Gilbert and Ruell Bennett, assistant scoutmasters of the troops.

CHAUTAUQUA ORGANIZED

The organization has been perfected for this year's chautauqua. W. W. Barton was elected president by the guarantors; C. R. Crane, vice-president; C. E. Brown, secretary; R. O. Kennedy, treasurer; W. M. Bosley, press agent. Committees on ticket sale, grounds, advertising, hospitality and junior chautauqua were appointed by the president.

TOO MUCH SALT WATER.

Washington, Ind., April 6.—The Edwards oil well in Daviess county, which for a time promised to be one of the best wells in the state, has been ruined by salt water breaking into the well. One hundred barrels of oil has been taken from the well before the salt water started pouring in and the promoters were confident that it would be a success.

INFORMATION TEST RESULTS IN SOME STARTLING ANSWERS.

Philadelphia, April 6.—In a general information test held in Friends Select School here, it is learned that: "Ben Lindsey, a famous juvenile court judge, is 'a mountain in Scotland.'"

Not a single pupil described Jeanette Rankin as the first congresswoman, although she was considered "the richest woman in the world."

A filibuster is a new gun used in war.

"Herbert D. Hoover is a member of the firm of Hoover & Smith, this city."

"William F. Cody was the inventor of the code system."

Admirable Dewy, a great German man, who invented aviators, is among the famous men who have died within the past year.

"Easter is set by the President of the United States."

"Benjamin Franklin is famous for inventing lightning."

Easter is determined by leap year.

"Intern means to keep inside" and "when your turn comes."

"A censor is a man who takes the census" and "a party of men in Washington who open letters."

"The Reichstag is a German holiday."

"The Duma—a leader in India—a French novelist—one dumb or stupid."

EASTER GIFTS.

The very pleasant Easter custom of sending Easter cards to our friends or of making them simple and inexpensive gifts is a good one, provided we do not carry it to an extreme. The springtime is a busy season when every one is weeding out one's possessions rather than seeking to add to them; hence numerous large gifts would prove a burden to the recipient. Eggs have always been associated with the day as symbolic of the resurrection. Bonbonniers of this shape or candy eggs are always popular.

Flowers and growing plants are especially appropriate to the day, Easter lilies being always in demand. A corsage bouquet of violets or of lilies of the valley is a pretty gift to a girl. The man who makes it must be careful to have it sent to the house of the girl in time for her to wear to church on Easter morning. Neckties or scarfs are suitable gifts to make to a man who is a relative or friend, provided one knows his tastes.

## SOCIALISTS TO OPPOSE THE WAR

National Convention Convening in St. Louis Tomorrow Will Likely go on Record.

### WILL PRESENT RESOLUTION

Was Originally Set For September But International Relations Caused Change.

St. Louis, Mo., April 6.—A mighty protest against the participation of the United States in the war will be the first action of the hastily-called national Socialist convention meeting here tomorrow.

Although the convention was originally scheduled for September, in view of the perilous international situation it was convened at once in order to go on record as opposing any hostile move by the United States.

From every part of the country delegates will gather at the Planters Hotel to take part in the protest. More than two hundred credentialed delegates will represent the different sections of the country.

"Probably the first action of the convention will be a strong resolution of protest against any course that would bring the United States into the war," said Adolph Germer, national secretary of the Socialist party.

"Of course war, except to repel an actual invasion, is contrary to the principles of the Socialist party. We condemn entrance into the war upon the present grounds. A resolution will be adopted and then submitted to a referendum vote of the entire party. We moved our convention date ahead five months because of the war cloud. We want to get our stand on record.

At the convention a revision of the platform of the national party will be attempted and the next campaign mapped out.

The meeting is expected to continue for one week.

## MOTORISTS WILL GET ROAD REPORTS

Forest Service Will Issue Weekly Bulletins on Condition of California Highways.

### ARE IN NATIONAL FORESTS

Approximately 8,600 Miles Will be Reported—Are Heavily Traveled in Summer.

(By United Press.)

Washington, April 6.—Beginning today the San Francisco office of the Forest Service will issue weekly reports on the condition of the condition of the principal automobile highways, hotels, and other inter- of California. This information will be obtained from the Forest rangers and will be furnished to newspapers, press associations, automobile clubs, hotels, and other interested organizations, by which it will be made available to motorists.

The twenty National Forests in California comprise more than 19,500,000 acres of land and contain approximately 8,600 miles of road. There are in addition 9,500 miles of trail which make accessible the more remote regions. Many of these roads penetrate large stretches of wild mountain country where thousands of people, go each summer to escape the heat of the lower valleys.

The present roads are to be supplemented by \$10,000,000 worth of others, made possible by the Federal aid road act.

## CHANGES SYSTEM OF REGISTRATION

New Law, Copies of Which Have Been Distributed, Provides For Continuous Session.

THE BOARD MEETS IN APRIL

Special Provision is Made This Year, However, For Constitutional Convention Election.

Copies of the new act governing the registration of voters have been distributed. The act radically changes the whole process of registration. All voters should acquaint themselves with this fact and inform themselves as to how to set about saving their right to vote in the future. Following are some of the outstanding provisions of the new law:

1. There shall be but one registration board and but one place of registration in the county.

2. The registration board shall consist of the county clerk, a member of the republican party to be selected by the county chairman of that party and a member of the democratic party to be selected by the county chairman of that party. The place of registration shall be in the court house, in a room that the county commissioners shall provide for the purpose.

3. In each year in which a general election is to be held the registration board shall commence its session on the second Monday in April and continue in session until the 29th day before the election. Sundays and legal holidays excepted. For the registration for the special election to be held this year, the board shall be in session sixty days, beginning June 20 and continuing until August 20.

4. The clerical work of receiving and entering registration applications shall be done by a chief clerk and an assistant chief clerk, one a republican and the other a democrat, who shall be paid for their services a sum to be fixed by the registration board, which sum shall not exceed \$5 a day for each. In case assistant clerks are needed, half shall be republicans and half democrats and they shall be paid not to exceed \$3 a day each.

5. A voter may register in any one of four ways. 1. By delivering his application properly filled out and signed in person to the registration board. 2. By delivering his application to the board by messenger, in which case the application must contain the oath of the applicant's identity. 3. By delivering his application to the inspector of the primary election board at the primary voting place in the precinct in which the applicant lives. There will be no chance, of course, to avail one's self of this last means of registration in Howard county this year.

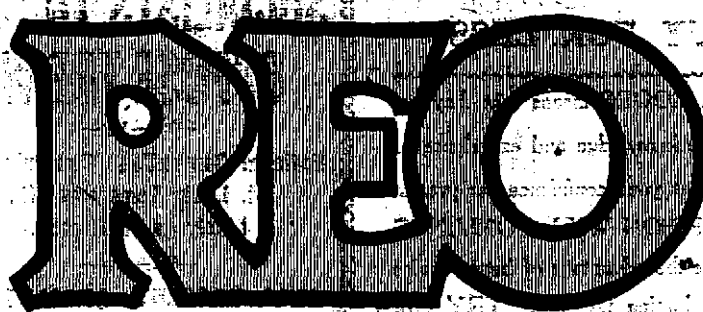

6. The board of registration becomes the board of primary election commissioners and the board of general election commissioners. The clerk receives no compensation for his services as members of such board. The other two members receive such compensation as the law provides shall be paid members of the county board of election commissioners.

7. When the registration board opens its sessions, it shall keep the registration place open and have clerks there ready to receive and record applications from 8 o'clock a. m. to 5 p. m. each day. The chief clerk and deputy shall have charge of the registration room and shall have direction over assistant clerks. The registration board, however, shall have supervision over all.

8. Registration for city elections is required only in cities of the first and second class. No registration is required for the city election in Kokomo, it being a city of the fourth class.

The new registration act is comprised of 48 sections and in addition contains a provision for a full registration of voters in each county of the state this year on account of the special election to be held on September 18 for the purpose of choosing delegates to the constitutional convention.

## Will Women Take The Place of Men?

Assistant Secretary of Agriculture Hopes to Enlist a Million Because Nation Will be in as Great Need of Farm Laborers as Soldiers.

BY CARL VROOMAN.  
Assistant Secretary of Agriculture.  
Member National Emergency Food  
Garden Commission.  
(Written for United Press.)

Washington, April 6.—Can we enlist a million American women to do men's work this summer on the farm?

I ask this question because it is possible that this summer the United States may be in as great need of farm laborers as of soldiers and munition makers. But whether the actual opportunity comes this year or not, preparedness of the individual for war or for peace demands that American farm women be ready for every possible emergency.

It is well within the bounds of probability that the available farm labor of the United States will be materially reduced by the calling of many men to other and more hazardous duties than sowing and reaping.

It is physically possible for the farm women of America to aid our economic preparedness in the event that a war summons an immense army to the colors. To handle modern farm implements is not necessarily beyond a woman's strength. With a good team and a riding cultivator equipped with a sun umbrella, plowing corn is a deal more pleasant than washing. The spring seat of a binder compares favorably with the comfort of a piano stool. Few household duties are more fun than riding a hay-rake. Even plowing with a sulky is not too heavy a strain for some American women.

Every farm girl and woman should proceed at once to master the elements of practical scientific farming. Those who can should attend short courses in agricultural schools and every one should ask questions, observe, and read bulletins.

The Department of Agriculture has issued a concise, simple, practical primer of scientific agriculture for the Middle West—Farmers' Bulletin No. 704—which can be obtained through Congressmen or directly from the Agriculture Department. Similar bulletins for other regions are now under preparation.

Every farm girl and woman, moreover, should, by all means, take a hand in actual farm operations so as to handle tractors, horses, and farm implements readily and skillfully. Those who do so will not have to prepare after the fighting has begun, to do their "bit" for their country in time of danger. They will know how to plant, cultivate, and harvest the crops essential to our national welfare when saving them depends upon the service of women in the field.

Let the million women step forward.

### HOOSIER BRIEFS

Crawfordsville—Two hundred students of Wabash College have started elementary training. The students have been unable to obtain uniforms and rifles.

Indianapolis—Women of this city have started a campaign for membership in the Red Cross Society. An effort will be made to enlist young women for nursing and bandage-making.

Terre Haute—The people of Terre Haute consumed more than three hundred apple pies when M. I. Moore of a local dairy lunch announced that he would present each patron with a piece of pie between the hours 11 a. m. and 2 p. m.

Greensburg—Lieutenant W. R. Teltow of Shelbyville has been in this city in regard of organizing a militia company from the two counties of Shelby and Decatur. Teltow was a Lieutenant in the Spanish-American war.

## Serum Station....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly troat bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

**CHANGE AGAIN ON SEPT. 23.**

London, April 6.—Summertime in England will start day after tomorrow. Nature has nothing to say about it, because the Government decides such things for her.

Times have changed since celluloid collars were all the rage and automobiles only had two cylinders. Like artificial ice and storage eggs, the seasons have been taken completely out of the hands of Providence.

Summer starts April 8, because on that date the clocks of the Realm will all be set forward one hour to save daylight. On September 23, the clocks will be set back again, and Nature can suit herself about the seasons for the rest of the year.

**FOUR QUESTIONS ASKED**

**Corporations Must Answer Them  
Accordingly to Attorney  
General.**

(By United Press.)

Indianapolis, Ind., April 6.—Corporations doing business in Indiana must answer four important questions put to them by taxation authorities, according to a ruling by Attorney General Ele Stansbury. The rulings, to which some of the corporations objected on the grounds that they were "to personal" are:

How much common stock paid up on March 1, 1917?

How much preferred stock paid up on March 1, 1917?

How much surplus on March 1, 1917?

How much surplus and the amount of undivided profits on March 1, 1917?

**Proteids.**

The proteid is a benevolent bug that gets into your system and prowls around among your food, making it behave itself and do you good.

It is a half brother to the vitamin and uncle to the caloric, which also do police duty along the alimentary canal.

The caloric likes to live only in certain kinds of food. The bean is probably more densely populated with it than any other vegetable.

But you want to be careful. Don't let too many proteids congregate in your system or they'll get mad. No proteid likes to be crowded. As long as you treat it right and give it elbow room, it'll be decent; but once gain the ill will of a proteid and you might as well give yourself up to dyspepsia and be done with it.

Greensburg — Residents of Greensburg will show their patriotism tonight at a patriotic mass meeting called by Mayor Mendenhall.
